Dr. Andrus,

Appears all time has been accounted for and is being reflected as PIF. I have mailed you all the information regarding the PIF letter and service dates that OPM uses for calculation. They are quite accurate and complete. If you believe there is service time unaccounted for then I would be involved with that portion after you review these screens and what is delivered in the mail. Otherwise, my role would be complete. Anything pay related is not my lane or area of expertise. Anything retirement related must be handled through the RSSO at 866-330-7366.

This accounts for every day you have been employed as a federal employee since 4/8/1982.

Subject: [EXTERNAL] Response to Mr. Petersen regarding Andrus Grade 15, Step 10 in 2002

July 1, 2022

Dear Mr. Petersen:

I was the Chief of Surgery, Surgical Service, Edward Hines, Jr. VAH in Maywood, IL (the Chicago tertiary VAMC) from 1996 to 2002. My final SF-50 of 1/19/2002 documents my Grade 15, Step 10. Also, my payroll stubs of the time document this plus that I had accrued 1158.25 hours of sick leave when I separated from the VA in January 2002. Also, could you please look into when I transferred from CSRS to FERS since I began under CSRS and I am not sure that I ever signed the document to transfer into FERS in the late 1980s which would mean that my continuous service from April 8, 1982 to August 1996 at the St. Louis VAMC should be under CSRS and not FERS. From August 1996 to January 2002, I had transferred to the Edward Hines, Jr. VAH to become
